GENERAL CONSENT FOR ADMISSION

SAHIL KAKKAR, ☐ the Patient, or ☑ (representative of ent SON), have (please tick the correct option ve and below)

read

been explained this consent form in _____ (name of language) which I fully understand.

give my full consent and authorization for admission and treatment at this hospital. The proposed treatment plan as been explained to me.

consent and authorize the hospital, treating doctors, nursing, technical & paramedical staff to provide relevant care and to conduct diagnostic as deemed necessary by the treating doctor/team.

I also consent to be administered necessary drugs, medications, intravenous fluids, as advised by the treating doctor/ team.

I also consent to use of assistants such as resident doctors, other doctors, (including DNB Trainees) nurses, & other healthcare workers by the hospital and treating doctor/ team.

I have been explained about the proposed care plan, expected result(s), possible outcome(s) and expected cost of treatment/ hospital stay.

I understand that the hospital will take due care of me/ my patient but, that there is always a possibility of an unexpected complication(s) which may necessitate longer stay and/or use of intensive care services. In such cases, procedure different from those contemplated and other intervention(s) may sometimes be needed.

I further understand that in case of Life/Limb/Organ saving situations where patient may not be in a situation to make decisions, and/or time is crucial, the clinical team shall proceed in the patient's best interest without any consent. I also understand that it is the hospital policy that in case of either a life-threatening situation or sudden cardiac arrest in the hospital premises, the staff shall announce an Emergency Code wherein the hospital resuscitative team shall reach the spot to provide resuscitative measures and shift the patient to ICU if needed. Similarly in case of deterioration of the clinical condition of the patient where the clinical condition requires ICU care the patient shall be shifted to ICU without any additional consent. In such situations as time is precious, I authorize the hospital staff to shift the patient in ICU in the patient's best interest without any specific additional consent.

I declare that, I have & will inform the doctor of my medical history including previous illnesses, allergies, drug reaction(s), surgical procedure, relevant medical family history and all other facts relevant to my treatment. I shall not hold the hospital/ doctor responsible for any consequences which may arise due to non– disclosure of relevant information on my part.

MSOG/CON-GEN/20240401

I declare that I have been explained about my rights and responsibilities as a patient as outlined in the handbook.

I have been made aware of the rules and regulations of the hospital including those related to security and I p to abide by them.

I also consent and agree to the use and/or publication of my treatment details/ medical record for medical, sci or educational purposes (Teaching, research & academics) provided the pictures or the descriptive accompanying them do not reveal my identity.

I understand that in case of some unexpected event occurring during the course of my stay I may be sugges transfer to another hospital/healthcare organization, as considered appropriate by my treating doctor.

I understand that, drugs, consumables and devices will be charged on an 'as actual' basis as per the hospital ta have been informed & I understand that there can be usage of certain reprocessed items during the course of treatment. I also understand that only full strips of medicines shall be issued and returned. I declare that I take responsibility of settling the bill before leaving the hospital premises at the time of discharge.

I further declare that I have been given an opportunity to ask question(s) related to my admission, care plan a proposed hospital stay, and that such questions have been answered to my satisfaction.

I declare that I have received & fully understood the information provided in this consent form, that I have be given an opportunity to ask questions relating to my admission, care plan and proposed hospital stay, and that my questions have been answered to my entire satisfaction and there are no misconceptions or false hopes in m mind. I further declare that all fields (of this form) requiring insertion or completion were filled in my presence a the time of my signing this form.

I, the above named Patient/named patient's representative, do further hereby declare that I am above 18 years o age as on the date of signing this form, mentally sound and am giving consent without any fear, threat or false misconception.
